Ohio University**

**Friday, January 11, 2008**

The Center for Teaching & Learning and Faculty Commons invite you to a mini-retreat on student learning outcomes, to be held January 11, 2008. The mini-retreat will include a workshop facilitated by Prof. Swarup Wood (California State University, Monterey Bay), co-author of the newly-released book, *Outcomes-based Assessment for Learner-centered Education: A Faculty Introduction* (Stylus, 2007). This workshop is well-suited to Ohio University's movement to outcomes-based education, which seeks "to empower faculty to develop and maintain ownership of assessment by articulating the learning outcomes and evidence of learning that are appropriate for their courses and programs." A copy of Prof. Wood's book will be provided in advance to workshop participants.

The workshop can accommodate up to 40 participants. Rsvp's will be accepted until the available space is filled. *Contact: Dr. Laurie Hatch, Director of the Center for Teaching & Learning (740-597-2700; hatchl@ohio.edu).*
